Dear Parents,

Next **Friday, 28th of August**, Alison Raco has kindly offered to make Pasta and Napoli sauce with 3/4E, 3/4F and 3/4M, as part of our Literacy unit, ‘Procedure Writing.’ The students are currently researching and writing procedures for science experiments and recipes. This task is one way for students to experience a real life situation of following a procedural text. Alison will help students prepare and make the pasta and sauce. It will then be cooked in the school canteen ready for us to eat for lunch.

**The ingredients to be used are:**

**Pasta:** Flour, Salt, Eggs, Vegetable Oil

**Raco Sauce:** Olive Oil, Onions, Tomatoes, Basil, Parsley, Salt

We encourage any students who do not enjoy eating pasta to bring a separate lunch.

We will require parent helpers to guide the students with the preparation of making the pasta from 9am till 11am on the day. No experience required, as Alison is an expert.

Please sign the permission slip on Care Monkey by Thursday, 27th August.

Many thanks,

Brenda McDonald, Marg Flett and Britt Elliott
