

Term Four, Newsletter 23 Friday 6th October, 2023

St Ambrose Parish School

Our Vision: Centred by Faith, In Partnership with Community, We Provide Excellence in Learning.

Prayer of St. Francis

Lord, make me an instrument of your peace. Where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, joy.

O Divine Master, grant that I may not so much seek to be consoled as to console; to be understood as to understand; to be loved as to love.

For it is in giving that we receive; it is in pardoning that we are pardoned; and it is in dying that we are born to eternal life. Amen

We acknowledge the traditional owners and custodians of this

We pay our respect to elders past, present, and future. They hold the story, hope, and dream for all.

Message from the Principal

We celebrated the feast of St Francis of Assisi this week along with St Clare of Assisi who was one of the first followers of St. Francis. You may like to pray his peace prayer included on the front page with your family. It is a prayer that nourishes me and gives me great comfort.

Although it has been a chilly start, it is great to be back with the promise of better weather to come!

As we begin the final term for this year,

I would like to acknowledge you all as being valued members of our supportive

St. Ambrose community. Indeed, the care, and kindness offered has been deeply appreciated by everyone over these past weeks.

Our sense of community is inspiring. It is through this unity that we can continue to nurture the growth and development of our students and support each other in good as well as trying times.

Our strong sense of community enhances a sense of belonging at school which is our collective responsibility!

We prioritize devoting time and energy to building and sustaining positive relationships with each and every child which becomes the essential bedrock for the 'sense of belonging' that all children need to experience to thrive at school.

The Australian Education Research Organisation (AERO) says the following about student wellbeing and belonging;
Sense of belonging to one's school is referred to as school connectedness and is the extent to which students feel a part of their school and feel valued and cared for by their school community.

This 'sense of belonging' has many benefits; A positive sense of belonging at school enables students to feel:

- their teacher and peers like, value, and accept them
- the curriculum is interesting and relevant
- they are capable of succeeding at school
- their cultural identity is welcome and valued
- they can 'be themselves' within appropriate boundaries.

A positive relationship with the school community can shape a student's emotional, behavioural, and cognitive engagement with schooling and influence academic outcomes.

Benefits for learning and engagement at school include:

- lower absenteeism
- higher levels of effort, interest, and motivation
- positive homework behaviour
- being more likely to like school
- trusting and respecting their teachers
- enjoying challenging learning activities

Our year so far has been filled with growth, faith, and community, and I feel deeply privileged to be working with you all.

Term 4 promises to be filled with diverse opportunities for our students. Our combined hard work, care, and dedication creates an environment where our students can thrive academically, physically, spiritually, and emotionally.

Indeed the staff of St. Ambrose are approaching this term with much optimism and embrace every opportunity to continue our journey of growth and faith together.

Work Experience Students

We always value what our work experience students offer to our programs.

Pictured above are Lucy and Amelie who assisted with the base coat for our cow!

Our New Seating

It is lovely to see our children enjoying the new furniture in our outdoor classroom and quiet area.

Thank you to Tyrone for assembling this and to P&F funds raised to contribute to the payment of this.

PFA Fete Committee

We welcome your support in attending our next Fete Committee meeting on Wednesday, October 11th at 5.00 pm.

Please email Sophie Lynch for details: sophielynch1981@gmail.com

Junior Chef

Sacred Heart College is again hosting the
Junior Chef competition this year.
Our year four students Maddy D, Joel W,
Harriet F, and Sophie V were our successful
applicants who will represent our school.
These students will be presented with their
aprons at Monday afternoon's assembly.
We wish them success as they take on their
first challenge of making pancakes on Tuesday!
Mrs. McLay will meet the students at SHC
to offer them encouragement.

Building Update

It won't be long now before you will be entering our office via the new front entrance!

From next Tuesday this should be the case which is very exciting! We will then empty the library to be ready for renovating from week four.

In my heart is where your story lives.

3/4M CLASSROOM FEATURE

Our Chicken Adventure

During August, Grade 3/4 M began each morning in anticipation of some new feathery arrivals. Six chickens hatched and we enjoyed watching them grow and change over time. We were surprised to see how quickly they put on weight, changed their feathers and became more confident. The chickens became a part of the class, being held, chirping and running around our reading circles.

Although we were sad to see them go, it wasn't goodbye forever. They are currently growing big enough to return to the St Ambrose chicken coop and will be back soon.

Inquiry - Change Over Time

As part of our inquiry into the historical changes to our country due to settlement, we created a triptych artwork. Triptychs have three panels that tell a story. Our artworks depicted an Australian landscape that changed over time. Students in 3/4 were able to use any landscape and medium they wished and demonstrated their understanding of the effects of settlement on our land.

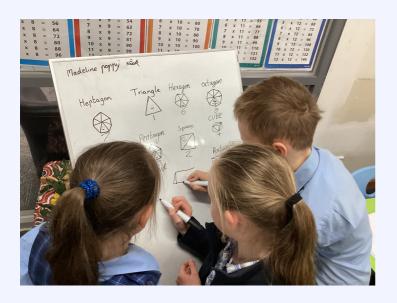

Historical Narratives

Our most recent published writing was a historical narrative, set on a convict ship or in an early settlement. Students used the Bump It Up Wall to set their own goals to work towards while writing this piece. We used our knowledge of tall ships, convict stories and rich descriptive language to create engaging narratives. We then gave them an authentic aged appearance with some chalk, tearing and scrunching.

Launch Explore Summarise

We are practicing and improving our problem solving and collaboration skills by following the Launch, Explore, Summarise model in some of our Mathematics' sessions. Working in small groups and with challenging open ended problems, students explore and discuss possible solutions. The vertical whiteboards help us to explain and critique other's ideas and processes.

HOW TO BE A MENTAL HEALTH ALLY

ASK

Check-in with others, regardless if you notice a change in someone's behaviour.

- How are you doing?
- I've noticed you haven't been yourself. Would you like to chat?
- · Is this conversation still ok for you?

LISTEN

If someone is experiencing distress, communication might be difficult. Taking the time to actively listen and understand makes space for a range of experiences, and doesn't add pressure to the conversation.

VALIDATE

Take time to validate another's concerns, boundaries, and show your support by validating their experience. It can help to repeat things that you heard back to acknowledge your validation and understanding.

JOIN THE CELEBRATION OF ALL THINGS

Faith & Family

God of Love

We pray for the wisdom to heed your call, like the son who eventually obeyed you.

Help us to recognise the importance of our actions over mere words.

May our deeds align with your will, and may we find grace and forgiveness in your loving embrace.

We make this prayer through Christ our Lord

Amen

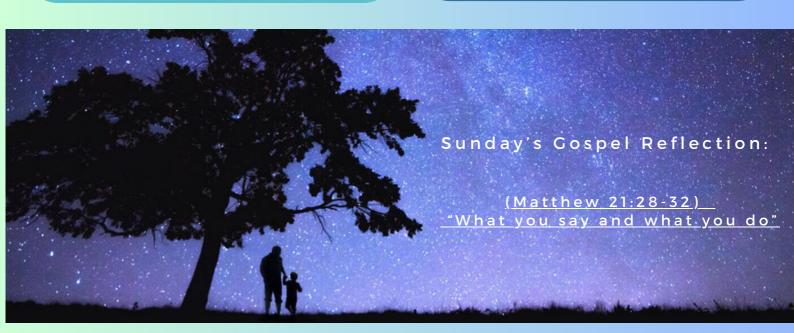

A Wondering:

Jesus was always integral and did not pay 'lip service' to anyone. Integrity calls us to be our word.

Do you do what you say you are going to do?

What changes can you make today to become more integral?

Are we authentic in our faith and deeds, not merely professing our faith, but actively living it out in our daily lives?

For all Faith & Family related matters, please email: nicole.sherlockbyrne@sawoodend.catholic.edu.au

MEDICAL MANAGEMENT

FIRST AID CHANGES

From the beginning of term 4 2023, there will be changes in the way we can administer medication at school, and the information we require for students with an identified health care need.

For any student with an identified health, mobility or personal care need, the appropriate **Medical Management Plan** must be completed by the relevant Medical/Health Practitioner. The **Medical Management Plan** Template can be found on our website (link below).

If the student takes medication during school hours for their condition, the <u>Medication Authority</u> <u>Form</u> must be completed (as well as the Medical Management Plan) and updated as required by a registered Medical/Health Practitioner and provided to the school by the authorised parent/carer.

The school will complete a **Student Health Support Plan** in conjunction with the parents/carers at a PSG (Parent Support Group meeting) that outlines how the school will support the student's health care needs, based on the documented Medical Management Plan that has been completed and endorsed by the student's treating medical/health practitioner. This form or a condition specific form (e.g. Epilepsy Management Plan, Asthma Management Plan, Diabetes Management Plan) must be completed for each student with an identified health care need. Students with Anaphylaxis must have an Individual Anaphylaxis Management Plan in accord with the Anaphylaxis Policy.

Parents/guardians/carers are responsible for the provision of a Medical Management Plan and, where applicable, a Medication Authority Form, which references the diagnosed medical need and the medication to be administered. The school is responsible for administration of medication in accordance with the medication authority documented in the Medical Management Plan and the Medication Authority Form for the student.

Parents/guardians/carers are responsible for providing medication that is within its expiry date and replacing medication, if necessary, that has expired. Medication that is within its expiry date will be stored safely and securely and in accordance with relevant storage instructions. The quantity of medication stored will not exceed a week of supply, other than in circumstances where a long-term arrangement has been implemented in accordance with the Medical Management Plan and documented student's health care needs.

Thank you for your co-operation with this mandated process which has student safety and their optimal care as the primary concern.

<u>Note:</u> Medication such as aspirin and paracetamol will not be stored (or administered) for first aid purposes as these medications may mask symptoms of serious conditions. Medicine for allergy sufferers will not be administered without the appropriate paperwork.
