

3/4L CLASSROOM FEATURE

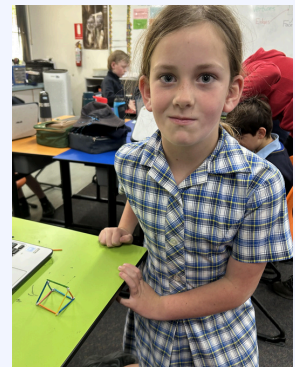

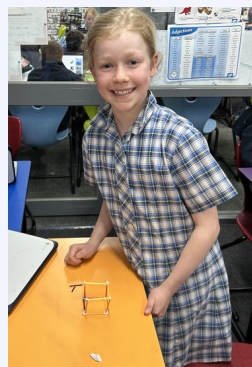

WRITING

Last term, our class studied the First Fleet and for their writing, they concentrated on what it would be like to be a child convict. The students had to research, draft, edit and then finally publish these pieces, all using our “Bump It Up Wall” to help them create individual learning goals. All the kids did a fantastic job and their ability to place themselves on the ships 250 years ago was amazing.

MATHS

Over the past two weeks, we have been investigating Shapes and Angles. This allowed us to complete some fantastic hands on activities and experiments. The entire class loved the opportunity to explore acute, right and obtuse angles through drawing all over their desks, even if it did make for a big clean up. Another lesson, we got to create 3D shapes using sticks and BluTac which gave us all a good chance to work out how many faces, vertices and edges they all have.

3/4L CLASSROOM FEATURE

Meet Ken & Barbie

Last term, 3/4 L got two new class mates and they're not any ordinary kids.

Ken & Barbie are Giant tree frogs or White Lipped frogs.

These frogs like to be held and patted, but sometimes they are in a bit of a jumpy mood. They have jumped on people's heads, faces and on tables.

These frogs mainly like to eat crickets.

They have really brought some joy and laughter to 3/4 L's class.
