5-6W CLASSROOM FEATURE

SPECIALIST

There has been a buzz amongst the students of 5/6 W - Production practise started Auslan is back and the Cobaw sports days are coming up!!! FUN!

INQUIRY

This term we are learning about Innovation!
We started our Inquiry learning by looking at
some well known inventions such as the
stapler!

We will be designing and building our own inventions and we will need lots of boxes, so if you have some at home please send them into school.

RELIGION

We have remembered the kindness and love that Pope Francis showed towards everyone, striving to live out the gospel values just as Jesus has asked us to do. What a great role model he was for us. We begin our unit on Confirmation and the significance of being a part of the catholic faith.

5/6 W > We have so concepts of two projects of

We have started our term learning about the concepts of Area and perimeter. There are two projects the children are involved in either build your own theme park" or design a new chicken coop for our school. Both of these projects require students to calculate the area and perimeter of different shapes.

MATHS

Narrative Writing = FUN! in 5/6 W we had a little fun with shared narratives. Students were in groups and they had 3 minutes to add to a story that was started by another group. We rotated around the 7 stories, and boy were some of the stories were CRAZY!
