

# VISUAL ARTS – DYNAMIC DISPLAYS

## Visual Arts – Semester 2

This semester, Visual Arts is buzzing with creativity and connections! Students are linking their art to Inquiry topics and our school production, building on their skills exploring and using a mixture of media. Their enthusiasm, effort and skills are evident in the quality of the displays on the walls and in the corridors.

From Prep to Year 6, artworks celebrate the theme of *Change*:

- Aboriginal rock art meets student interpretations and contemporary creations.
- Vaudeville-inspired production art and vibrant New York scenes.
- NAIDOC Week inspiration – storytelling and connection to Country.
- An exploration of First Nations Song lines, star stories and cultural expression through Aboriginal and Torres Strait Islander perspectives is displayed for enjoyment and thoughtful contemplation.
- Delicious Clay Creations - Hand built clay cakes and bottles of Pop meticulously made, deliciously decorated and perfectly presented with professional flair. Expert drawing techniques in hyperrealism that look good enough to eat.

Look out for student artworks displayed around the school – a colourful celebration of skills and stories growing as the year progresses! We welcome you to come on an ArtWalk adventure and see for yourselves the wonderful artworks your children create!
